Forecast For Northwest England
Issued by Met Office Exeter
at 0400 on Wednesday 11 Aug 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Cloudy today with heavy rain arriving from late morning.

Today:
After a cloudy start, rain arrives from the west during the morning becoming heavy at times especially over higher ground. Feeling warmer than of late but breezy conditions over coasts. Maximum temperature 20 deg C (68 deg F).

Tonight:
Afternoon rain slowly clears overnight, leaving a dry night with plenty of clear spells. There is the potential for a few patches of fog over high ground. Minimum temperature 10 deg C (50 deg F).

Thursday:
A largely fine day with plenty of sunny spells. Turning cloudier in the afternoon with breezy conditions. Maximum temperature 22 deg C (72 deg F).

Outlook for Friday to Sunday:
A largely dry day with sunny spells and the odd shower on Friday. Largely dry with some bright spells on Saturday. Cloudier on Sunday with a chance of rain.
